

# TECO – Train Expo Colorado

It is essential that we know how effective our TECO swap -meet/train show event went off. We are interested in the problems, errors and issues that did not go well. We want to know how we can serve you and the public, the vendors and exhibitors better. Be frank and tell us what we can do better. Compliments will also be appreciated. Please use the back of the sheet for more comments.

Fill in this form and hand in at the registration table by the end of the show. One survey participant will receive one (1) free table at the next TECO show.
